### High-Performance Frosted, Dusted & Clear – Dry Installation

**Even easier to apply.** Designed for indoor/outdoor window graphics and light boxes. Offered in a 3.1 translucent matte dusted, matte frosted and clear gloss. The micro-structured adhesive allows for the increased speed of dry application on windows with no air bubbles or wrinkling, and provides an exceptionally smooth surface for printing.

Product Code	Face	Adhesive	Liner	Roll Size	Roll Weight #	Durability

## GS Series Tapes

GS Series tapes are constructed with an unsupported high strength pressure-sensitive adhesive with aggressive tack and peel adhesion. Great for low energy, uneven or irregular surfaces.

Product Code	Mils	Roll Size	Unit per Carton	Units of Measure	Weight
GS9020	20.0 mil	1" x 200'	8	Roll	20
GS9035	35.0 mil	3/4" x 200'	8	Roll	25

## open image warranty<sup>SM</sup>

### General warranty statement:

Mactac guarantees that the Mactac graphic media, when utilized as recommended by Mactac will perform and provide indoor and "outdoor durability" (1) for the period stated in the corresponding product performance guide from the date of application and under normal vertical exposure conditions provided that the film is properly stored and applied. Application must take place within one year of the original shipment date from Mactac. This warranty is contingent on the Mactac material being processed according to Mactac recommendations in our Product Performance Guides and Technical Bulletins. With use of approved printer, inks, clear coats or overlaminating films and associated processing materials (2) in accordance with Mactac and printer manufacturer recommended written processing instructions (3) and installation in accordance to the preparation and application instructions.

### Mactac's warranty covers product quality regarding:

- a) Delivery of the correct product.
- b) Delivery of correctly identified product.
- c) Product produced within manufacturing specifications.
- d) The absence of visual or hidden defects in the pressure-sensitive construction.
- e) Correctly trimmed roll dimensions.

"Outdoor durability" for the purpose of this warranty is defined as no appreciable deterioration in the product when viewed from its intended viewing distance. This Open-Image Warranty will be based upon the least durable individual component or combination of components used in the Graphic production. Premature failure during the warranty period due to excessive cracking, crazing, blistering or loss of adhesion shall constitute a breach of warranty.

Warranted life is based on use in the central USA. Areas with greater weather extremes such as south Florida, the southwestern USA, Mexico and other similar regions in tropic, sub-tropic or high pollution areas cannot be expected to have the same durability. Therefore, durability in these regions will be 50% of, or two years less than, (whichever is greater) the durability published on the appropriate Performance Guides.

---

**IMPORTANT NOTICE:** The information given and the recommendations made herein are based on our research and are believed to be accurate, but no guarantee of their accuracy or completeness is made. In every case, user shall determine before using any product in full scale production, or in any way, whether such product is suitable for user's intended use for their particular purpose under their own operating conditions. User assumes all risk and liability whatsoever in connection with their use of any product. The products discussed herein are sold with an Open-Image Warranty<sup>SM</sup>, as to merchantability or fitness for a particular purpose, or any other warranty, expressed or implied. No representative of ours has any authority to waive or change the foregoing provisions, and no statement or recommendation not contained herein shall have any force of effect unless in an agreement signed by the officers of seller and manufacturer. Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent without authority from the owner of the patent. The following is made in lieu of all warranties, expressed or implied: Seller's and manufacturer's only obligation shall be to replace or credit such quantity of the product proved to be defective at its discretion.

---

### Open-Image Warranty<sup>SM</sup> for Mactac® Media and Laminates:

You make the choice of printer and ink that are best for your business and Mactac will be the partner that stands behind you. Simply provide us with your system and if we have not already tested the combination, we'll run a comprehensive series of tests to insure the system works and then warrant your application. If we find the components are not compatible we'll let you know that, too, and make alternative recommendations. It's that simple!

We stand behind you. And, we work with the most popular printer and ink suppliers to ensure product compatibility and durability.

# Custom Converting / Custom Slitting / Custom Sheeting

## Macmark® Slitting (width) - 24 Hour Lead Time

**Full Mactac size roll must be purchased when slitting.** Offcuts will be scrapped unless otherwise requested. Orders entered for converting and unconverted materials may be slit and shipped separately. Macmark converting charge applies to each finished roll.

Converting Parameters	Finishing Charges
60" Web - Slit to 15" or 30"	5% Added to the cost of the Roll
48" Web - Slit to 15", 24", 30"	5% Added to the cost of the Roll

## Media and Application Tape Slitting

(width & length) 3-5 day lead time

**Full Mactac size roll must be purchased when slitting.** The following charges only apply to standard contract pricing. Unless authorized by pricing, SPA prices will not be used to calculate slitting charges.

Converting Parameters	Finishing Charges
Equal or > 6"	Add 5%
>150' length	Custom

## Sheeting Graphic Material

The following only apply to Wallnoodle®, Permanoodle, Roodle® and Rebel® products. Note: Finishing charges will be included in your quoted price.

**Contact your local Mactac Sales representative for custom sheeting quote.**
