Dear Valued Customers,

This year marks a special milestone for Label Supply™ as we proudly celebrate 35 years of serving the Canadian label market. Over the past three-and-a-half decades, a lot has evolved, but our dedication to service and being your dependable, local supplier for all your labelling needs remains constant. Whether you require core or specialty products, Label Supply is committed to providing the materials that you need to support your business.

In our latest catalog edition, you will find a wide array of newly added materials and stock to better serve your evolving needs.

- Label Supply is now stocking Mactac's most sought-after products in Canada, including Chill AT® adhesives, **APR Design® for Recyclability Recognized** PUREfloat® films, and durable LINTEC® products, such as Cryogenic labels.
- **Recognizing the growing importance of sustainability**, we have made it easier for you to identify environmentally responsible options within our catalog. Keep an eye out for the sustainable attribute symbols, which highlight products meeting today's recycling standards including **APR** (Association of Plastic Recyclers), **RCA** (Recycling Compatible Adhesives) and **PCW** (Post-Consumer Waste) along with other sustainable solutions.
- Label Supply is excited to now carry **static cling labels**, page 15. Applications can include oil-change labels, window advertising and price stickers. They are stocked in Canada for quick delivery, and you can order as little as one roll of 2,500 feet.

We continue to be **Stronger Together** with an extensive product portfolio from Label Supply, Mactac®, LINTEC, and Spinnaker®, Together, the partnership and expertise from these companies and brands allow us to provide you with a wide variety of adhesive technology, technical knowledge, and service capabilities.

From all of us at Label Supply, we extend a sincere thank you for your continued partnership over the past 35 years. We look forward to continuing to provide you with high quality label solutions with industry leading service for many more years to come!

Sincerely

Brandon MacLean
