OPTISCAN®

SERIES

Premium bright white
facestocks designed for
high-speed thermal transfer
printing. These smooth smudge
resistant products offer great
thermal transfer printing and
converting and are offered on
a variety of adhesive options.

Roll Label

PSA-coated papers and films in roll-to-roll form. Extensive product options, available customization, varying roll lengths and widths, and customer friendly services, like our Mactac PreciseSM Program, which offers next-day shipping on a precise amount of material needed for small runs and limited applications.
