

Widely Accepted Recyclable Plastic Container Labels

Labels and adhesives can significantly impact the recyclability of plastics. Mactac® has been granted Critical Guidance Recognition (CGR) from the Association of Plastic Recyclers (APR), exceeding the association's strictest criteria for product packaging recyclability for PET, HDPE and PP plastics.

Watch the video

Widely Accepted Recyclable Plastic Container Labels

PET Plastic - Labels need to float off PET containers during the washing process for recycling - leaving no adhesive residue behind.

HDPE and PP Plastic - Labels need to remain in place during recycling without impacting the physical properties of the recycled HDPE and PP pellets for pigmented applications.

Common labeling applications include:

- Bottles
- Clamshells
- Health & Beauty Products
- Food & Beverage Packaging
- Household Goods

Part Number	Description - Facestock	Adhesive	Liner	Precise	APR CGR
PJ0101	2.6 mil White Topcoated Pearlescent BOPP	PUREfloat®	2.4 mil SCK	■	PET Containers
PF0101	2.0 mil Clear Topcoated BOPP	PUREfloat	2.4 mil SCK	■	PET Containers
PJ7802	2.6 mil White Topcoated Pearlescent BOPP	CHILL AT®	2.4 mil SCK	■	HDPE & PP Containers
