

# LESS SHEETS. MORE SENSE.

## Transitioning more Digital stocks from 500 to 200-sheet cartons

As more jobs move to digital printing, we're aligning our packaging to better fit how our customers actually operate. By transitioning many of our digital products from 500-sheet cartons to more practical 200-sheet quantities, we're helping printers run more efficiently with less leftover inventory and reduced waste. This right-sized approach makes it easier to service end customers with better job matching—delivering smarter, more flexible digital solutions.

### The products below have moved to 200-sheet cartons

(Base item numbers remain the same and we have added or changed the extension to -2 for the new packaging)

#### Starliner® products for dry toner digital presses

	Stock#	adh.	liner	size	shts/ctn
Lyric® Digital Matte Litho	SL0096-13-2	P	S	13x19	200

# Another Update ...

## Adding scoreline-indicating backprint makes life easier

We're adding printed liner guides to most permanent adhesive Metro® and Starliner® carton stock, featuring gray dashed lines on each side of the score for quick, easy peeling. Already proven on Strip-Tac® products, this enhancement reduces guesswork and improves efficiency.

More products now even easier to use.
